

The Rio Collection

Beauty meets toughness

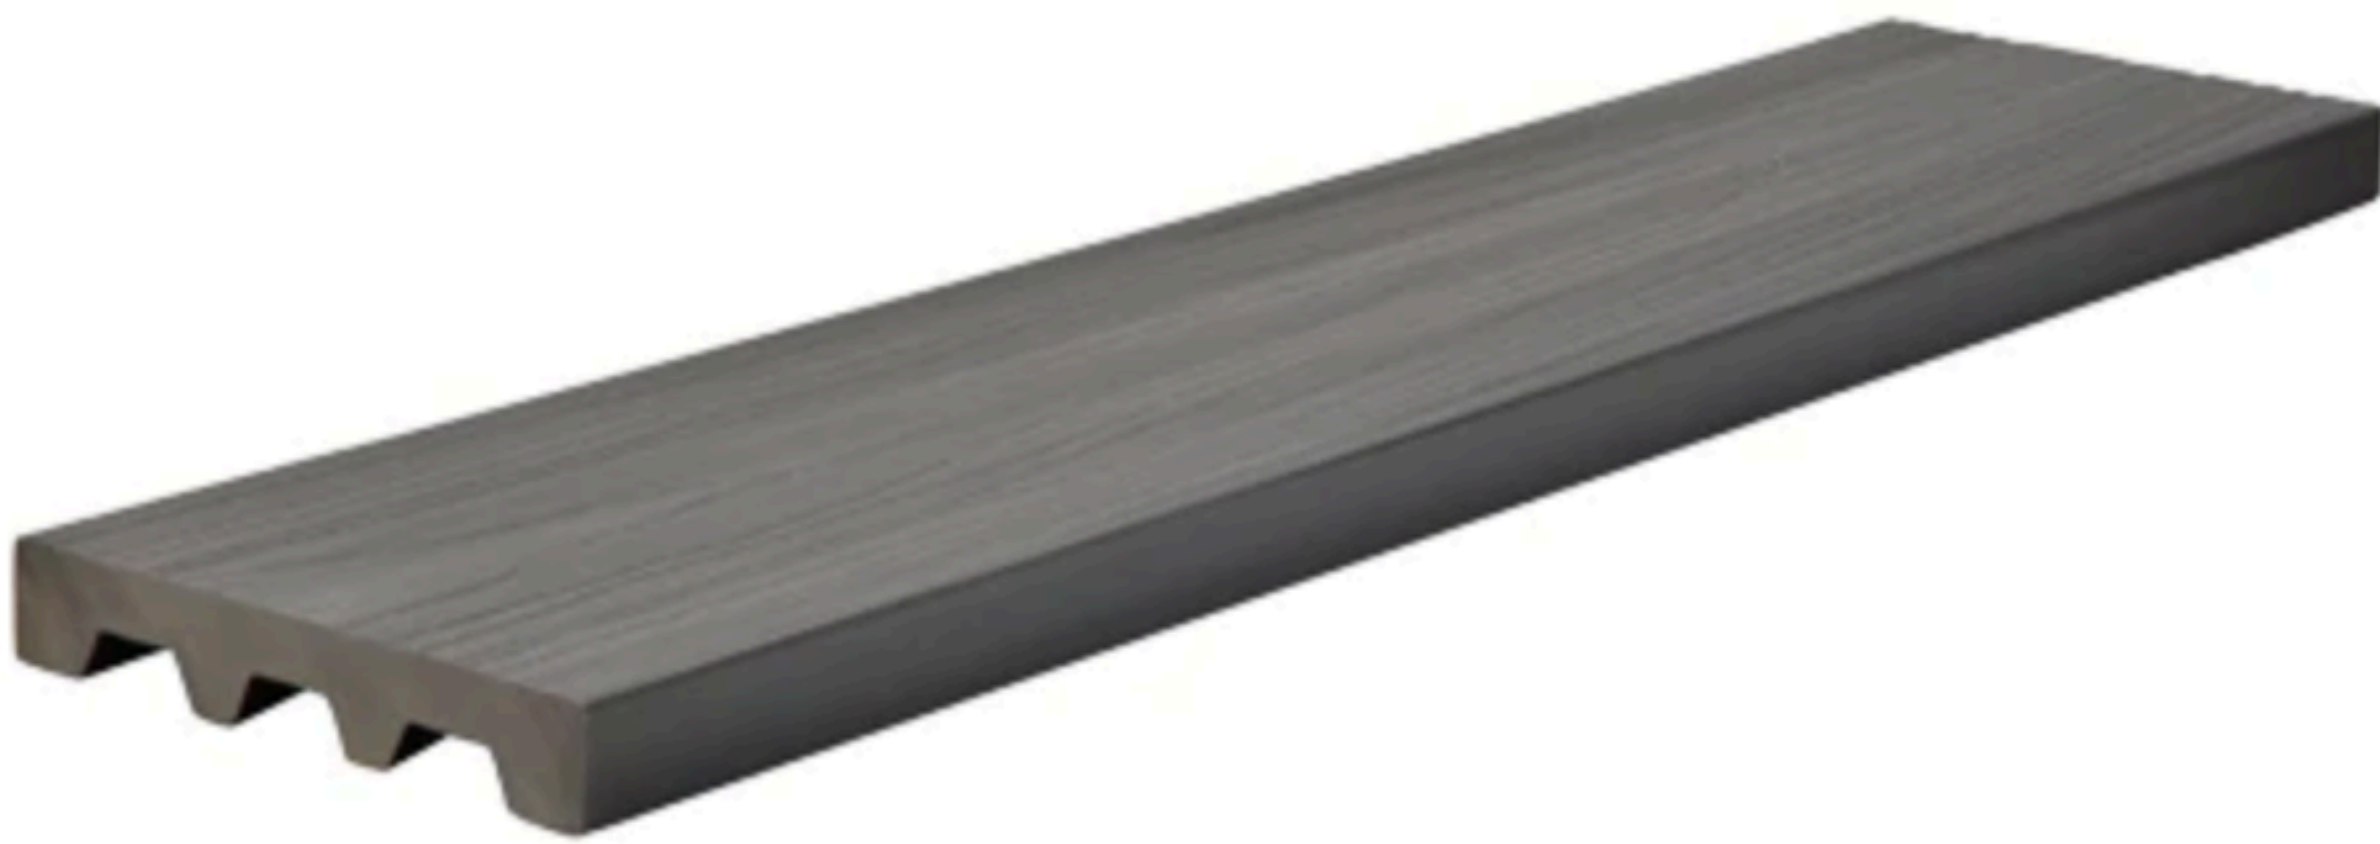

Built with durability in mind, the Rio Collection is ready for any challenge everyday life brings. Designed with our exclusive GroundGuard™, it takes moisture, weathering, and insects out of the picture so you can focus on enjoying the deck of your dreams.

Product Details

Density	1.3g/m3 (Standard: ASTM D792-13 Method B)
Tensile Strength	24.9Mpa (Standard: ASTM D638-14)
Flexural Strength	34.5Mp (Standard: ASTM D790-10)
Flexural Modulus	3510Mpa (Standard: ASTM D790-10)
Impact Strength	88J/m (Standard: ASTM D2240-05)
Shore Hardness	D70 (Standard: ASTM D2240-05)
Water Absorption	0.63% (Standard: ASTM D570-98)
Thermal Expansion	33.12 x 10-6 (Standard: ASTM D696-08)
Slip Resistant	R11 (STANDARD: DIN 51130:2014)

TECHNICAL DETAILS

- > Comes in 12-, 16-, and 20-foot boards
 - 23mm x 140mm x 365cm (0.9in x 5.5in x 12ft)
 - 23mm x 140mm x 487cm (0.9in x 5.5in x 16ft)
 - 23mm x 140mm x 610cm (0.9in x 5.5in x 20ft)
- > Capped on 3 sides
- > Strengthened core material
- > 1 profile and 1 surface design

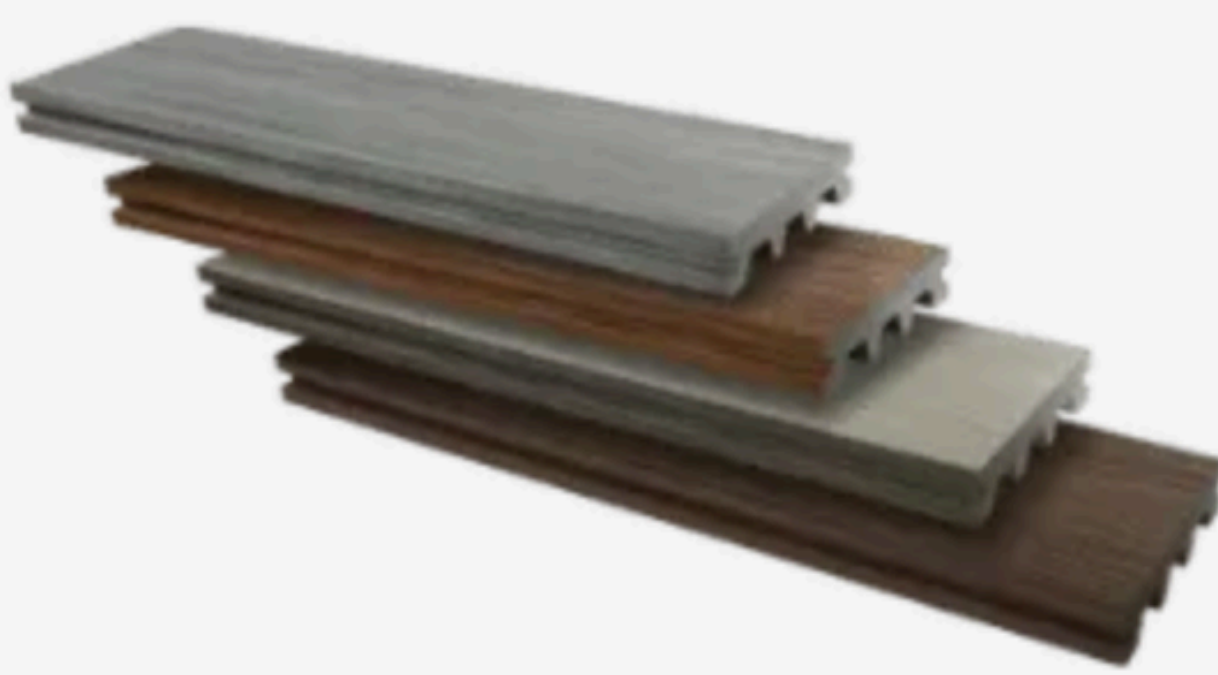

The Norx Difference

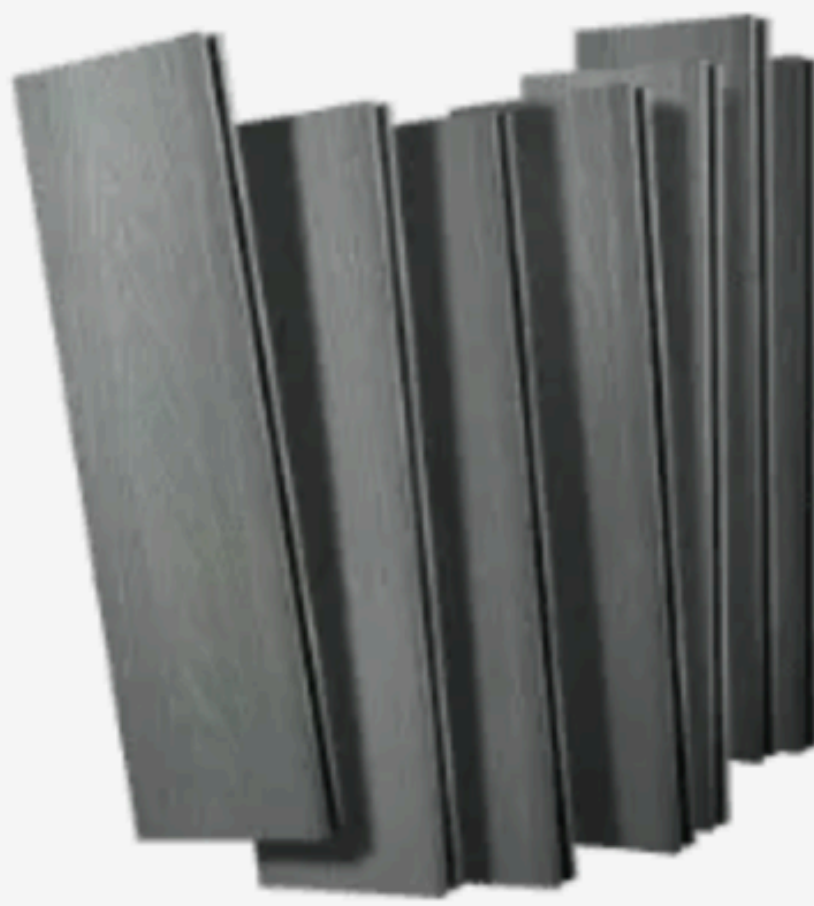

Technology

With a team of forward-thinking engineers and designers and the latest technology, we continue to push the boundaries of what’s possible in outdoor living solutions. You’ll find it in our products and you’ll feel it in your space.

Design

We’ve built a business and a reputation around beautifully crafted products designed for every day in your life. From soft tones to intricate textures, our products offer something for everyone and will always look as good as it feels.

Sustainability

We believe the best design choice is one that’s better for the planet. Our sustainable composite is made of recycled resources and free of toxic chemicals and preservatives, so you can enjoy a safer product that lasts longer, with less maintenance and significantly less waste.
